

26 October 2011

Dear Sir or Madam,

Food Contact/Animal Derivative Statement.

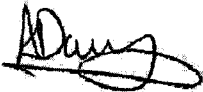

We SciLabware Limited can confirm that in respect to contact of plastic materials with foodstuffs our supplier has notified us that they comply with the following:

EU Directive 2002/72/EC relating to plastic materials and articles intended to come into contact with foodstuffs.

When used unmodified and processed in accordance with good manufacturing practices for food contact applications, the resin used in SciLabware Limited (Azlon) products comply with Code of Federal Regulation (CFR), Title 21, Food and Drug Administration (FDA), Part 177.1520 "Olefin Polymers", (a) 2)(i) and (c) 2.1, 2.2 and 3.1a

The composition of this product complies with the requirements for use in contact with food of the European Commission Regulation (EU) No 10/2011.

We can also confirm that in respect to Bovine Spongiform Encephalopathy (BSE) / Transmissible Spongiform Encephalopathy (TSE), that we do not intentionally use tallow derived from animal sources in the manufacture of our products. The processing temperatures (230°C +) used in the final conversion process also ensures an additional safety factor in respect to health and safety.
