Certificate of Compliance

Straight Tubing Connectors, Polypropylene

Dynalon Products Covered:

227235, 227245, 227255, 227265, 227275, 227285

Regarding our Polypropylene straight tubing connectors, I wish to inform you that these are manufactured in Italy from autoclavable Polypropylene resin. Batch information such as expiration date is included on Kartell package labels when full cases are ordered.

Plastic tubing connectors have excellent chemical resistance and feature serrated connecting surfaces to prevent tubing slippage. Autoclavable Polypropylene straight tubing connectors can withstand temperatures as high as 135°C.

Compliance Information (provided by manufacturer):					
BSE/TSE Free	Yes	FDA Compliant	Yes	RoHS 3	Yes
California Proposition 65	Yes	Reach	Yes		
Mfg. Part Numbers	510, 511, 512, 513, 514, 515				
Mfg. Certifications	UNI EN ISO 9001:2015		UNI EN ISO 14001:2015		

Please advise if you require any further information.

Regards,

Robert Pfeil
Vice President Operations / Quality Manager
